

DESIGN CATEGORY

Please tick the required type of design

- Analog & mixed signal Block
- Analog and Mixed Signal Full chip
- Analog & mixed signal SoC (System on chip)

Design Phase required to be implemented

- System design only with feasibility report
- System with circuit design
- Complete chip till tape out including layouts
- Analog Block only - system/circuit/layout

Please tick appropriate selection

- Full custom chip- full analog
- Semicustom chip (Place & route-digital part)
- Custom Analog Part of a Hybrid SOC
